UKRAINE DEFENCE INVESTMENTS, ACQUISITIONS AND PARTNERSHIPS

OVERVIEW

We advise foreign defence companies, investors and Ukrainian companies on defence technology transactions, market entry and cross-border partnerships. We deliver end-to-end legal support across five integrated workstreams, coordinating seamlessly with your counsel.

OUR SERVICES

1. MARKET ENTRY & LOCAL PARTNERING

Structuring JVs and strategic partnerships with Ukrainian defence companies. Local-presence setup under Ukraine's evolving defence industry framework.

2. INVESTMENTS & STRATEGIC ACQUISITIONS

Due diligence, deal structuring, negotiations and closing for equity investments and acquisitions in Ukrainian defence tech — from seed-stage companies to established producers.

3. DEFENCE REGULATORY & PROCUREMENT

Full regulatory support for operating in Ukraine's defence sector, including defence procurement, customs and ongoing compliance with sector-specific regulations.

4. SANCTIONS & EXPORT CONTROLS

OFAC/EU and UA sanctions screening of Ukrainian counterparties. Compliance support in coordination with your local export-control counsel. Background checks and investigations.

5. IP PROTECTION & TECHNOLOGY TRANSFER

Protecting your IP in co-development and licensing arrangements.
